

Stages	1. Discovery	2. Wireframing	3. Hi-Fi Design	4. Implementation
<b>Design Work</b>	<ul style="list-style-type: none"> <li>Stakeholder interviews</li> <li>User research</li> <li>Design concepts</li> </ul>	<ul style="list-style-type: none"> <li>User flow</li> <li>Logic</li> <li>Information Architecture</li> <li>Functionalities</li> <li>Design grooming with Devs</li> </ul>	<ul style="list-style-type: none"> <li>Visual design</li> <li>Interaction design</li> <li>Responsive behavior</li> <li>Design grooming with Devs</li> <li>Documentation for implementation</li> </ul>	<ul style="list-style-type: none"> <li>Design QA</li> <li>UI tweaks</li> <li>Adding stories to backlog</li> </ul>
<b>Definition of Done</b>	Understand the problem space and align on the product direction with a few design concepts down for further exploration in the next stage.	Wireframe is approved by all parties. The dev team now have what they for estimation and planning.	Hi-fi design is approved by all parties. The dev team has everything they need for implementation.	Product is successfully delivered to the users as designed.
<b>PM</b>	<ul style="list-style-type: none"> <li>Understanding product direction, users, timeline, and constraints</li> </ul>	<ul style="list-style-type: none"> <li>Collecting feedback</li> </ul>	<ul style="list-style-type: none"> <li>Collecting feedback</li> </ul>	/
<b>Business</b>	<ul style="list-style-type: none"> <li>Understanding business needs</li> </ul>	<ul style="list-style-type: none"> <li>Collecting feedback</li> </ul>	<ul style="list-style-type: none"> <li>Collecting feedback</li> </ul>	/
<b>User</b>	<ul style="list-style-type: none"> <li>Understanding user needs</li> </ul>	<ul style="list-style-type: none"> <li>Validating assumptions and solutions</li> </ul>	<ul style="list-style-type: none"> <li>Validating solutions</li> </ul>	/
<b>Dev</b>	<ul style="list-style-type: none"> <li>Collecting feedback</li> <li>Understanding technical constraints</li> <li>Collaborating on design concepts</li> </ul>	<ul style="list-style-type: none"> <li>Collecting feedback</li> <li>Solutioning together</li> </ul>	<ul style="list-style-type: none"> <li>Collecting feedback</li> <li>Solutioning together</li> </ul>	<ul style="list-style-type: none"> <li>Reviewing the implemented UI to ensure quality</li> <li>Assisting Devs with implementation</li> </ul>
